

Rogate: Witnessing to Jesus's Loving Heart. One remarkable characteristic of St. Hannibal is his passion to witness to Jesus's loving heart. No wonder, his congregation of priests is called the Rogationists of the Heart of Jesus. But it may be asked, How does the loving heart of Jesus beat? There could be 101 answers. But the Gospels are clear: Jesus has compassion to the poor and the oppressed. Accordingly, St. Hannibal embraced the poor in their struggle for decent and humane life.

It is St. Hannibal's witnessing to Jesus's love which continues to inspire SHEC to witness to the same love, especially this August 2013.
